work

Instrument

Product Design Intern

OCT 2020-

Expanding Nike's Running Club and Training Club mobile applications through collaborating with senior designers and copywriters on user retention product strategy and an overhaul of the mobile architecture to reach 30 million+ users.

UCLA HCI Lab

UX Researcher

DEC 2019-

Spearheading user research studies and design sprints to rapidly prototype and develop AI-assisted user interfaces and SaaS applications in the public healthcare space. (CHI 2021, UIST 2020)

USNDB

Web UI Design Lead

MAY 2019-

Leading redesign of the U.S. Network for Democracy in Brazil's website and NGO's entire rebranding campaign. Achieved increase of 251% unique visitors and 70% increased site engagement with last iteration.

VISIONS Magazine

Web UI Design Lead

SEP 2019-

Developing and designing website for VISIONS Magazine, a literary publication that celebrates Asian-American and Pacific Islander identities. Partnering cross-functionally on visual identity and strategy.

school

Brown University

B.A. Human-Centered Design

SEP 2018-MAY 2022

Selected Coursework: UI/UX Design, HCI Research, 3D Animation, Object-Oriented Programming, Cognition for Design (RISD)

Major GPA: 4.0

leadership

Design@Brown

Team Lead, Course Developer

SEP 2019-MAY 2020

Developed curriculum for ENGN 32: Intro to Design, Brown University's first product design course (to be held Fall 2020). Launched campus-wide student-facing initiative to advance design thinking.

Engaged Scholars Program

Department Representative

SEP 2020-

Fostering engaged scholarship by acting as a liaison between the Engaged Scholars Program and the Independent Concentration department, organizing department-wide events and establishing faculty partnerships.
